eFacility Digital Preparedness Test

Does this look familiar to you? ▪ Do you need to find more time each day? ▪ Is your facility information this hard to find? ▪ You deserve to have access to this information within a couple of clicks! ▪ Do you want to improve your systems? ▪ But how can you leave paper behind?

Please answer these questions as best you can about your facility information needs:

		Yes	Points
1.	Does your facility need to have immediate access to all relevant facility information?		35
2.	Do you feel there would be a benefit to your facility if your staff were and able to respond to requests in minutes instead of hours?		35
3.	Are you already using a CMMS system for work orders and the planning of preventative maintenance, work requests, and daily maintenance needs?		80
4.	Will your *maintenance* staff utilize this information if you make it is available to them?		20
5.	If you were able to move from your paper based information system or server based information system in three easy steps, would you?		20
6.	Do you think that <u>now</u> is the right time for your company to "*go digital*"?		10
	Total		200

If you scored 120 or more points by adding the Yes points to these questions, please call us at <u>1-888-832-7882</u> or contact us at <u>sales@efacility.app</u>.
